Dear Representative:

Had records concerning the Virginia Tech shooters mental health status been entered into the National Instant Criminal Background Check System (NICS) he would not have been able to legally purchase a gun. Sadly, we know all too well that he was able to purchase a gun and we remember the 32 individuals who lost their lives because he purchased a gun.

I do not wish to see a tragedy such as Virginia Tech or Northern Illinois University happen in North Carolina. I am calling on you as my representative to support the Campus Safety Bill (HB 2747/SB 2081) which will require the record of anyone involuntarily committed to be transmitted to the NICS. When someone is judged a danger to themselves or others this information must be entered into the NICS. Information can save lives if it is in the right hands.

You have the opportunity to prevent a tragedy before it happens. We need you to keep our campuses safe.

Sincerely,

Name
